

Pipeline Verification

Pipeline Test Document

This is placeholder text used only to verify the typesetting and imposition pipeline. It is **not** clinical content. Replace it with the real notes.

Structural elements under test

Paragraph text wraps across the measure to confirm the mirrored gutter is applied correctly on facing pages. Odd pages should show a wider left margin, even pages a wider right margin.

Nested lists

- First level bullet item
- Second bullet with **bold** and *italic* and `inline code`
- Nested child item one
- Nested child item two
- Third bullet, deliberately long so that it wraps onto more than one line and exercises the leading and the hanging indent behaviour of the list style

Ordered list

- 1 Step one of the sequence
- 2 Step two of the sequence
- 3 Step three of the sequence

A table

Column A	Column B	Column C
row 1 alpha	row 1 beta	row 1 gamma
row 2 alpha	row 2 beta	row 2 gamma
row 3 alpha	row 3 beta	row 3 gamma

Filler section

A blockquote line to check the quote style renders distinctly.
